

The prefix "pre-" is derived from Latin, meaning "before" or "in advance of." It is commonly used in English to form words that indicate something occurring before a certain event, time, or condition. Here are a few examples of words with the "pre-" prefix:

1. **Prepare:** To make ready beforehand.
2. **Prehistoric:** Relating to the period before recorded history.
3. **Preview:** To see or show something before it is officially available.
4. **Prevent:** To stop something from happening before it occurs.
5. **Prerequisite:** Something required as a prior condition for something else to happen or exist.

The prefix "pre-" is versatile and can be attached to a variety of root words to create new words with meanings related to the concept of "before" or "prior."
